CC: Seventh Circuit Clerk (For future enforcement of petty retaliation)

Plaintiff is not unemployed. **Plaintiff is obstructed** — financially sabotaged and retaliated against **under color of law**. The only employment-related relief sought is the **immediate termination** of all **unlawful wage garnishments, full enforcement of the Seventh Circuit's perfected summary judgment, and commencement of financial restitution** for damages sustained, including direct income loss, reputational injury, and economic retaliation.

Be advised the Seventh Circuit is now in its final stage of enforcement review, including the **calculation of damages and preparation of its formal ruling**. **Any attempt** to reframe this matter as a workforce issue is **disingenuous and offensive**.

Additionally, Plaintiff **did not** sign up for, authorize, or request inclusion on any employment assistance, workshop, or program email lists. **Plaintiff's legal email address** is reserved exclusively for matters related to ongoing federal litigation. Please cease all unsolicited communications and permanently remove this address from all internal outreach databases. Further contact of this nature will be documented as evidence of continued retaliation and psychological interference under 42 U.S.C. § 1983 and 18 U.S.C. § 1512.
